• Designed by Katie Hacker •

• Instructions •

Note: To make the beads more permanent, add a drop of Beadfix glue inside the bead holes.

1. Cut the Beadalon 19 length in half to make two 17 ½" lengths.
2. Place one wire end inside an EZ-Crimp End and use an EZ-Crimp Tool to attach it.
3. Leave 1", then pass the wire through a Bead Bumper, a round bead, and a Bead Bumper to string a round bead unit.
4. Leave 1 ¼", then pass the wire through a Bead Bumper, a rectangle bead, and a Bead Bumper to string a rectangle bead unit.
5. Repeat Steps 3-4 three more times, then leave 1 ¼" and string another round bead unit.
6. Attach an EZ-Crimp End to one end of the other piece of Beadalon 19.
7. Leave 1 ¼" and string a rectangle bead unit.
8. Leave 1 ¼" and string a round bead unit.
9. Repeat Steps 7-8 three more time, then leave 1 ¼" and string another rectangle bead unit.
10. Attach an EZ-Crimp End to the ends of both beading wires.
11. To fasten the necklace, slip the EZ-Crimp End loops onto corresponding sides of the S Hook Clasp.
