1. Attach a 4mm jump ring to one hole on the CZ-Gem Dropz 6mm squares.

2. Use a 4mm jump ring to connect a CZ-Gem Dropz 4mm square to each 6mm square.

3. Use a 4mm jump ring to connect a CZ-Gem Dropz round to each 4mm square to complete the CZ-Gem Dropz pendants.

4. Attach a 6mm jump ring to each crystal pendant.

5. Cut two 16 1/2" lengths of copper beading wire.

6. Hold the wires together and string a CZ-Gem Dropz pendant onto the center.

7. On each side of the pendant, hold the wires together and pass them through the following: three 4mm crystals, crystal pendant, three 4mm crystals, CZ-Gem Dropz pendant, three

4mm crystals, crystal pendant, three 4mm crystals, crimp bead.

8. On each side of the pendant, separate the wires and pass each one through a 4mm crystal. Hold them together again and pass them through a crimp bead, a 4mm crystal and a crimp bead.

9. Repeat Step 8 two more times, then pass each wire through a 4mm crystal.

10. Hold the wires together and pass them through a crimp bead. Crimp it.

11. Use a mighty crimping tool to attach an EZ-Crimp end on each wire.

12. Use an S hook clasp to fasten the necklace ends together.
