Instructions:

Step 1: Using alcohol wipes clean all off the drop findings and set aside to dry.

Step 2: Using one 4228 15x7mm navette fancy stone glue into matching finding. Repeat 7 more times and set aside to dry for 24 hours.

Step 3: Cut the chain into eight 1" pieces and eight 2" pieces

Step 4: To create tassel #1: Take one head pin and slide on one 4mm 5328 Chrysolite Shimmer 2X bead, one bead cap facing down, and one 6mm 5000 Chrysolite Shimmer bead and make a simple loop. Taking the four Chrysolite Opal findings made in Step 2 attach each of them to a 1" piece of chain using a small jump ring. Then using a medium jump ring attach the other end of the chain to every other opening in the bead cap so that the crystal faces out. Now take four 2" pieces of chain and using the medium jump rings attach one each to the open holes in the bead cap.

Step 5: To create tassel #2: Take one head pin and slide on one 4mm 5328 Pacific Opal Shimmer 2X bead, one bead cap facing down, and one 6mm 5000 Pacific Opal Shimmer bead and make a simple loop. Taking the four Pacific Opal findings made in Step 2 attach each of them to a 1" piece of chain using a small jump ring. Then using a medium jump ring attach the other end of the chain to every other opening in the bead cap so that the crystal faces out. Now take four 2" pieces of chain and using the medium jump rings attach one each to the open holes in the bead cap.

Step 6: To create Lariat: Using beading wire slide on one crimp bead and then slide on Tassel #1 and crimp to close. Add crimp cover. Now begin sliding on all the Pacific Opal Shimmer 5328 and 5000 beads either randomly or making your own pattern until they are all used up. Now begin sliding on all the Chrysolite Opal Shimmer 5328 and 5000 beads either randomly or making your own pattern until they are all used up. Slide on one crimp bead, slide on Tassel #2 and crimp to close. Add crimp cover.
