### Instructions:

#### STEP 1

**Cut three pieces of Beading Wire 6 inches (15cm) long. Crimp one side of each wire to a metal ring. String up 3.5 inches (9cm) of beads on each wire. Make sure the bead strands are even and crimp the other sides to another ring.**

#### STEP 2

**Cut two pieces of the medium chain and two pieces of the cable chain 3.5 inches (9cm) long. Attach one end of the chain to one of the metal rings, and the other end of each chain to a jump ring.**

#### STEP 3

**Attach a hook closure to the jump ring.**

#### Step 4

**Make several wrapped loop dangles with the beads and attach them to the chain.**
