Tools:

- 2 Pair Beadalon® Artistic Wire® Snub Nose Pliers by The ChainMaille Lady™
- 1 Pair Beadalon® Memory Wire Shears JTMEMCUT1
- 1 Pair Beadalon® Designer Ergo Round Nose Pliers 201E-030

1

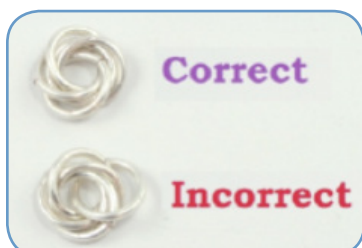

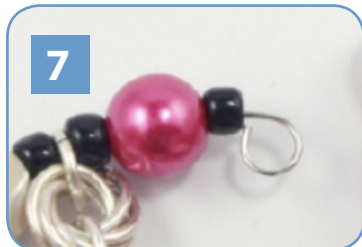

1. Make 50 five jump ring mobius using the 18g 15/64" jump rings.

2

2. Make sets of 2 mobius using the 18g 11/64" jump rings.

3. Add one 18g 11/64" jump ring to the top of each set of Möbius units. These jump rings will be used to attach to the memory wire.

4. Using the Memory Wire Shears cut a piece of Oval Bracelet Memory Wire that will wrap around your wrist approximately three times.

5. Using the round nose pliers create a loop on one end of the memory wire.

6. Add the beads & Möbius units in this order:

- one black bead
- one red bead
- one black bead
- one Möbius unit
- one black bead
- one cream bead
- one black bead
- one Möbius unit
- repeat ending with one black bead

7. Using the round nose pliers make a loop on the second end of the Oval Memory Wire. Leave about 1/8" from the last bead to the loop.

8. Making Möbius Units. Close one 18g 15/64" jump ring.

9. With an open 18g 15/64" jump ring scoop up the closed jump ring added in step 8. Close the jump ring.

10. With an open 18g 15/64" jump ring scoop up the closed jump ring added in step 8 and the jump ring added in step 9. Close the jump ring. The three jump rings should nestle as indicated in the picture. Flip the jump rings around so that they stack on top of each other like a deck of cards.

11. With an open 18g 15/64" jump ring scoop up the closed jump ring added in step 8, the jump ring added in step 9, and the jump ring added in step 10. Close the jump ring. The four jump rings should nestle as indicated in the picture.

12. With an open 18g 15/64" jump ring scoop up the closed jump ring added in step 8, the jump ring added in step 9, the jump ring added in step 10, and the jump ring added in step 11. Close the jump ring. The five jump rings should nestle as indicated in the picture.
