MULTICOLOR ARTISTIC WIRE FLAT COIL BRACELET

By: Meredith Roddy

MATERIALS

- Professional Deluxe Coiling Gizmo
- 20 Gauge MultiColor Artistic Wire
- 20 Gauge Tarnish Resistant Brass Color Craft Wire
- Stepped Bail Making Pliers
- Bench Block
- Leather Pad
- Nylon Hammer
- Nylon Jaw Pliers or Artistic Wire Wire Straightener
- Nippers
- Round Nose Pliers

Instructions

STEP 1
Use the largest rod and the Professional Deluxe Coiling Gizmo to make a coil with the whole spool of the 20 gauge MultiColor Artistic Wire. (The whole spool will make two bracelets). Slide the coil off of the rod.

STEP 2
Use the Nylon Hamer to gently flatten the coil so the rings lay flat rather than upright.

STEP 3
Use your fingers to straighten out the length of coil.

STEP 4
Make an S Clasp with the Stepped Bail Making Pliers.

STEP 5
Measure and cut 7.5 inches, or the length that you'd like for your bracelet minus your clasp.

STEP 6
Use your fingers to gently bend the coil into a bracelet shape.

STEP 7
Use Round Nose Pliers to create a loop on each end large enough to slide over one small loop on the S -Clasp.

STEP 8
Open the other loop on the S-Clasp, and slide the other loop onto the S-Clasp.
