1. Cut a 16-18" length of Supplemax, thread it into the Loop Crimp End and use the front Micro Crimping Pliers' jaw to flatten the center of the Loop Crimp.

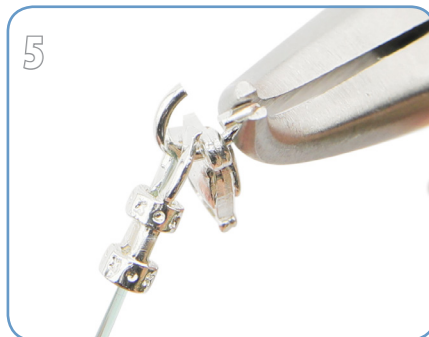

2. Cut a coffee stirrer to about 1.5" and thread it onto the Supplemax. Crimp a Crimp Tube in place at the end of the coffee stirrer.

3. Remove the coffee stirrer, string a 4mm bicone (or bead of your choice) and another Crimp Tube. Crimp the Crimp Tube next to the bead.

4. Thread the coffee stirrer back onto the Supplemax, then repeat steps 2 and 3 until your Illusion Necklace is the length you want.

5. Attach the Lobster Clasp with a Jump Ring to one Loop End.

6. Clasp the Lobster Claw to the other Loop End.
