## Supplies:

2 – add a bead Ear Wires – make your own with a Findings Form 228S-662

18" – 20g copper Artistic Wire® AWD-20-10-06YD

2 – large oval jump rings - make your own with 228A-055

## Instructions:

Step 1: Cut the wire into two 2" pieces, two 1" pieces, four 3" pieces and set aside.

Step 2: Using one 14mm Imperial Fancy stone place into one 14mm matching finding and bend down the prongs. Repeat once and set aside.

Step 3: Using one 18mm Imperial Fancy stone place into one 18mm matching finding and bend down the prongs. Repeat once and set aside.

Step 4: Using one 1" piece of wire make a simple loop at one, slide on three 4mm briolette beads and make a simple loop and attach one 14mm Rhombus pendant. Repeat once and set aside

Step 5: Using one 2" piece of wire make a simple loop at one, slide on five 4mm briolette beads and make a simple loop and attach one 14mm Rhombus pendant. Repeat once and set aside

Step 6: Using one 3" piece of wire make a simple loop at one end and attach the component made in Step 4. Slide wire through the left holes of the 14mm Imperial fancy finding, slide on five 4mm Briolette beads and then slide wire through the left holes of the 18mm Imperial fancy finding, slide on one oval jump ring and make a simple loop to close.

Step 7: Using one 3" piece of wire make a simple loop at one end and attach the component made in Step 5. Slide wire through the right holes of the 14mm Imperial fancy finding, slide on five 4mm Briolette beads and then slide wire through the right holes of the 18mm Imperial fancy finding, slide onto the oval jump ring already at the top and make a simple loop to close.

Step 8: Using one Add a Bead Ear Wire slide on one 4mm Briolette bead and make a simple loop. Add to the jump ring at the top of the earring.

Step 9: Repeat Steps 6-8 to make second earring.
