TOOLS:

- 5-in-1 Hammer & Screwdriver Set by Studio Décor® (Item # 10638787)
- 3/4" nails
- Beadalon® Nipper Tool (Item # 10302215)
- Foam Brush by ArtMinds® (Item # 10604231)
- Beadalon G-S Hypo Cement Glue
- Optional: Long Nose Pliers
- Optional: Beadalon® Bead Mats (Item # 10348546) or towel

STEP 1
Print nail template outline to the desired size. See next page for template.

Paint wood panel and let dry.

STEP 2
Place image centered on wood and hammer nails along the template. A long nose pliers is useful to hold the nails in place.
*Tip: Place a bead mat or towel under the surface to help reduce noise when hammering.

STEP 3
Carefully remove paper outline when finished. Wrap end of wire around nail and begin to fill the shape.

Weave wire in between nails and outline the shape to form a border.

STEP 4
Affix Swarovski crystal flatbacks to nail heads with glue.
